E. D. SHOVEL, Treasurer.

LASSEN ERUPTION

SPARES VALLEY

Mud Flow Deflected to Old

Lava Field—Earthquakes

Also Felt.

Redding, Cal., May 23.—Hat Creek

Valley, which was threatened with de-

struction yesterday by the eruption of

Lassen Peak, has been saved. The flood

which followed the disturbances, it was

learned to-day, changed its course for

only a short distance, and the main

mud flow was carried out into the old

lava field.

The entire valley was shaken by a

strong earthquake just before yester-

day's eruption. No damage from this

source is reported.

Clouds hid the volcano this morning.
